A friendly transport system for the easy storage and transportation of Heras temporary fencing, feet and Heras fence clips.

A friendly transport system for the easy storage and transportation of Heras mobile fences, feet and couplers.

Ease of use is paramount with this container. It is the basic solution for fencing off a site in 1 system. The temporary fencing, footings and Heras fence clips are safely and easily distributed over the site. It is possible to transport the container in both length and width. An inventory can be made quickly when the construction fences are returned. The containers can be safely stacked during storage.

- Max load 1750 kg
- Universal transport system
- Collapsible and stackable
- 1 system for temporary fencing, footing and Heras fence clip
